

Hair Design Workshop and *Beginnings HDW*

Dear Parent and Student,

I'm so pleased that you desire to minister and are interested in HDW. In years past, the ITC housed the School of Protocol and Cosmetology which covered all aspects of the cosmetology profession. This is no longer our mission at ITC. We no longer offer students credit hours toward obtaining a license.

Instead, we now intend to make this ministry more useful and practical for home schooling families by offering a **haircutting workshop**.

All students start with a solid foundation in basic cuts, practicing on mannequins. The two-week HDW ladies will learn more advanced cuts and practice on volunteers. Other skills will be introduced, but it cannot be expected that they will be completely proficient by the end of the course. It will be necessary that the students begin practicing as soon as they get home, to remember what was taught in the workshop. I am always so pleased with how much they learn in just one week!

In order that we may serve you better, please answer a few questions.
